### G. W. U. FACULTY INCREASED

President Needham Announces Several Additions to Staff.

John Ball Osborne, James Brown Scott, and Dr. W. W. Willoughby to Be Among Lecturers.

George Washington University announced yesterday that negotiations are practically completed to enlist John Ball Osborne, chief of the Bureau of Trade Relations, of the State Department, as a member of the faculty and lecturer on the consular service. Mr. Osborne has acted as government instructor to new appointees, coaching them before they left for their posts.

Another member of the faculty will be James Brown Scott, solicitor for the State Department, and a member of the United States delegation to The Hague Peace Conference as expert on international law. Dr. Scott, in his governmental capacity, passes upon the legal qualifications of all candidates for foreign appointments. At the George Washington University he is professor of international law and diplomacy. He is author of the most widely-used case book on international law, is secretary of the American International Law Association, and editor of the American International Law Review.

Two other additions to the faculty also are declared to be especially noteworthy. These are Dr. W. W. Willoughby, regarded by President Needham as one of the foremost authorities in the United States on political science, and who will divide his time between the local university and Johns Hopkins University. He is secretary of the American Political Science Association, editor of the Political Science Review, and is the author of more than a score of authoritative books on the whole broad question of law. Then there is Dr. Henry P. Willis. In 1902-03 he was Washington correspondent for the New York Journal of Commerce. He was the first traveling fellow appointed by the University of Chicago and in that capacity studied at Leipzig, Berlin, and Vienna. In 1904 he made an extensive trip through the Orient, especially studying conditions in Japan, China, and the Philippines. Since 1905 he has been Washington correspondent and editorial writer for the Journal of Commerce.

Incidentally, the university will continue to benefit by the services of Justice Harlan and Justice Brewer, of the United States Supreme Court.

### Naval Officers Get Posts.

Four naval officers now stationed in this city will shortly be assigned to sea duty. Capt. Richard Walcott, of the general board, has been assigned to the command of the battleship Louisiana. Lieut. Commander A. L. Key, one of the President's aids, has been assigned to the command of the new scout cruiser Salem, while Lieut. Commander S. S. Wood, of the general board, and Commander W. S. Simms, inspector of target practice, will command the other two scout cruisers.

### AFTER UNITED CIGAR STORES.

Government Will Include Them in Fight on Tobacco Trust.

The retail cigar trade, which forms an important part of the business of the American Tobacco Company, has been investigated by J. C. Reynolds, special counsel for the government, and the United Cigar Stores Company will figure in the suit which the Department of Justice is about to file against the so-called tobacco trust.

Mr. Reynolds' report indicates that the suit, soon to be instituted, will, in one important feature, be an action on behalf of the smokers of the country. The government will undertake to prove that the stores, conducted as an auxiliary of the American Tobacco Company's business, are intended, not only to stifle competition, but to make it impossible for independent stores to obtain many leading brands of cigars, and to offer them for sale.

It is claimed that a favorite method of the trust is to establish stores in the near vicinity of old-established independent stores and by cutting prices, put their independent competitors out of business. A case is cited in Washington, where, in order to obtain a location for a store near the establishment of a prosperous independent firm, the United Company offered to pay an annual rental of \$7,000, and got the place. The occupant of the premises, who was required to vacate, had been paying \$3,600 a year, and considered it a high price.

### WOMAN'S AUXILIARY FORMED.

Affiliated Body of Carpenters' Union Completes Organization.

The hall of Typographical Temple was filled, Thursday night, with the wives, sisters, daughters, and friends of the members of Local Union No. 132, United Brotherhood of Carpenters of America, who met for the purpose of instituting a woman's auxiliary to the union carpenters of this city. At a previous meeting officers had been elected as follows: Mrs. W. B. Rohl, sister counselor; Mrs. John P. Lind, sister vice counselor; Mrs. E. B. Byrne, secretary-treasurer; Mrs. Jones, sergeant-at-arms. In her opening address the president, Mrs. Rohl, stated that the meeting was an open one, and had been called for the purpose of setting forth the object of instituting a ladies' organization as an auxiliary to the union carpenters.

During the evening the speeches were interspersed with choice musical selections, both instrumental and vocal, rendered under the direction of Mrs. J. W. Kilgore. Mr. Luther W. Lloyd, who had been elected as general adviser to the auxiliary, also addressed the meeting. The presiding officer named a committee of five members to draft up suitable by-laws to be presented at the next meeting, which will be called as soon as the by-law committee is ready to report. This committee will meet at the residence of Mrs. J. W. Kilgore, 1393 Pennsylvania avenue, southeast, next Thursday evening, and will meet regularly each evening till their labors are completed.

### TWO QUEENS STUNG TO DEATH

Sister Claimants to Throne Killed in Revolution.

Honey Bees Fight Fierce Battle Corner New York Avenue and Fifteenth Street.

There was a revolution at Fifteenth street and New York avenue yesterday afternoon—two queens lost their lives. The trouble all started among a hive of young bees that were feeling their oats, had the nomadic fever, did migrate, and ended up in a swarm in a tree at the corner where the annual election of queen bees was held. One of the queens that was deposed—and also killed—was several years old. Her methods were too old-fashioned or something for the young fellows, and the revolution followed. The other queen, which lost her life in the melee, or sting fest, was a sister to the young queen who was selected unanimously for the place.

Where the bees—one great swarm of them—came from, no one knew. During the day they began gathering on a limb, and soon formed a mass of buzzing, electrifying, revolutionizing little honey bees, or rather drones.

Then the real fracas began. Some of the boys, only a few of them, appeared, waved the old vote signs, who they felt had done time and could be relied upon, elected for another term. The queen herself was anxious to serve her sons. Then the two young queens began their campaign for election. From 4 o'clock in the morning until 6 o'clock at night the polls will remain open, and the bluecoats will file in and out, cast their ballots, just as other people do in the other cities and counties throughout the country.

There are two candidates for the presidency. They are C. E. Smith, of No. 2, and R. O. Kleindienst, of No. 1. The other candidates are as follows: For vice president, L. Cox, No. 3, I. Sheetz, No. 3, for recording secretary, J. E. Thompson, No. 3, G. W. Sellers, No. 8; for financial secretary, W. C. Farquhar, No. 1; for treasurer, C. L. Plimmons, No. 1; for trustee to serve three years, Henry Holt, No. 4, B. F. Williams, No. 3.

### FINEST WILL ELECT.

Police-men's Association to Choose Officers for Ensuing Year.

Officers of the Police-men's Association of Washington will be elected Monday, July 1, in the Police Court Building, Sixth and D streets. From 4 o'clock in the morning until 6 o'clock at night the polls will remain open, and the bluecoats will file in and out, cast their ballots, just as other people do in the other cities and counties throughout the country.

There are two candidates for the presidency. They are C. E. Smith, of No. 2, and R. O. Kleindienst, of No. 1. The other candidates are as follows: For vice president, L. Cox, No. 3, I. Sheetz, No. 3, for recording secretary, J. E. Thompson, No. 3, G. W. Sellers, No. 8; for financial secretary, W. C. Farquhar, No. 1; for treasurer, C. L. Plimmons, No. 1; for trustee to serve three years, Henry Holt, No. 4, B. F. Williams, No. 3.

### OBJECT TO DUMPING PLAN.

Citizens Want Rock Creek Preserved Without Sweepings.

Charles Foulke, president of the Society of Fine Arts, and George A. King, an attorney and resident of Georgetown, who protested to the Commissioners against the dumping of ashes and refuse along the shores of Rock Creek, will, it was stated yesterday, insist upon a public hearing on the question.

In reply to the statement from the Commissioners' office that the street-cleaning department would dump about 12,000 cubic feet of sweepings there that would make excellent fertilizer if the open-park plan is adopted, it is said that this dumping would be an unmitigated nuisance, and that it would so narrow the valley that the open-park plan would be impracticable, or the dumpings would all have to be re-excavated at great expense. This consideration, it is held, outweighs entirely the advantage of using these sweepings as fertilizer.

### PIN FAITH ON FOURTEEN.

Phil Sheridan Post Finds Date Frequent in History.

The members of Phil Sheridan Post, No. 14, G. A. R., are convinced that the number 14 appears oftener in connection with important historical events of this country than any other date or number. They have ransacked history, and are prepared to stand by their assertion, and the following is a list of historical dates in which the number 14 appears, the fruit of their researches:

1034—Liberty tree.  
February 14, 1783—Sign of Liberty.  
June 14, 1877—Continental Congress adopted flag.  
February 14, 1778—John Paul Jones.  
January 14, 1813—Peace was declared.  
December 14, 1792—George Washington died.  
September 14, 1867—First steamboat.  
September 14, 1811—Star-Spangled Banner.

April 14, 1865—Gen. Anderson and flag at Fort Sumter.  
April 14, 1865—President Lincoln assassinated.  
September 14, 1861—President McKinley assassinated.  
Omarion Hall born in 1841, the numbers of which added together make 14.

### MILITARY PAPER SEES WAR

Army and Navy Journal Discusses Japanese Situation.

Thinks if Nippon Objects, That Alone Is Good Reason for Concentrating Pacific Fleet.

Severe criticism of the administration for its failure to increase our naval force in Pacific waters is made in the leading editorial in yesterday's issue of the Army and Navy Journal, a publication devoted to the interests of the two arms of the military service, and which generally reflects the sentiments of army and navy officers.

The article, which is headed "Who's Afraid?" says in part:

"Can it be, as more than one navy officer of large experience and high rank has suggested to us, that our strenuous President and the State and Navy Departments have an attack of 'cold feet' because of this talk about Japan? We do not for a moment believe that the Japanese government has any hostile purpose toward us, and it would certainly be an act of decided and unmistakable hostility for that government to object to our sending our vessels in time of peace to what every part of the world may seem to require their presence. If we could conceive of Japan's objecting, such objection would present the most cogent of all reasons for strengthening our Pacific fleet."

"Are we not inviting aggression by misleading the world with the idea that the forces that control at Washington are not those of men trained in the school of public experience, but those represented by a benevolent longrunner whose sole title to consideration is his ability to draw checks for an unlimited amount on behalf of projects that appeal to public sentiment? Are we, under his head and that of his school, to cringe like whipped curs before the vague threat of a war which we are not inviting, and for which there can be no excuse except the temptation to take advantage of our supposed weakness and readiness to yield to a show of force?"

"Our enormous pension roll and public debt, our Soldiers' Homes filled with maimed or decrepit veterans, the graves of dead heroes, scattered over the country by tens of thousands, tell the story of the price we have had to pay for yielding in the past to the influence of those who have cried: 'Peace, peace,' when there is no peace."

"To the rear then with these camp followers and sutlers, and let those who heard upon whom will fall the burden of war when war unhappily comes, as come it will, and all the sooner because of our folly in striving to whistle it down the wind."

### Largest Morning Circulation.

All advertising contracts made by The Washington Herald are based upon its sworn circulation—a circulation in Washington larger by thousands than was ever before attained by any morning newspaper at the Capital. Its books are open.

### MACCABEES HOLD MEMORIALS.

Services for the Dead Celebrated by Various Tents.

On Sunday last, that being the day set apart by usage of the Maccabees of the World, as memorial day, Anacostia Tent, No. 7, with District Tent, No. 8, held memorial services in the Masonic Hall, in Anacostia, in which both tents participated in honoring their dead.

State Commander D. W. Gall presided at the meeting and delivered the introductory address. The choir of a local church furnished the music, which was appropriate to the occasion. Following the address of the State commander, the record keeper, R. A. Estep, called the roll of the deceased members of the two tents. Anacostia having lost six members and District Tent five. P. J. Martin, a member of the Jr. O. U. A. M., on behalf of Anacostia Council, No. 36, presented a floral offering to the tents.

Sir Kuflet Dent, of Anacostia Tent, No. 7, addressed the meeting on behalf of the tent. Rev. George M. Cummins, pastor of the Presbyterian Church, delivered an appropriate sermon, which was followed by John F. May, on behalf of the Masonic fraternity.

On Sunday night at 8 o'clock, Brightwood Tent, No. 3, held its memorial services, in Emory Chapel, in Brightwood Park. The members of the tent met at the hall, Brightwood avenue and Long-fellow streets, and preceded by W. L. Scott, Schley Division, No. 1, Uniform Rank, under command of Capt. Newman, marched to the church, where the usual services were conducted by the officers, followed by a sermon by the pastor of the church, and an address by the State commander of the order in this jurisdiction. The regular church choir furnished the music. This tent has lost thirteen members since it was instituted.

On Tuesday night, Metropolitan Tent, No. 12, held memorial exercises according to the memorial ritual. State Commander Gall presided, and the music was furnished by the choir of Gorsehes M. E. Church, with Mrs. Cryner pianist. Rev. A. F. Poore, of that tent, delivered the sermon. Record Keeper Thomas L. Smith, read the names of the three members who have died during the three years or more of the existence of the tent.

National Tent, No. J, has a committee out making arrangements for memorial exercises to be held during this month.

State Commander Gall has moved his office from 615 F street northwest, to the Pacific Building, first floor, room 7.

Mount Vernon Tent, No. 4, is having this month in adding new members, and will come up to the expectations of the State commander. It took in a class last Thursday night, and will do likewise this coming Thursday.

State Commander Gall, visited Alexandria Tent, No. 2, last Monday night, and the week before he spent part of the week in Virginia.

Golden Rule Tent, No. 3, has been doing some work this month.

Owing to the bad weather, the Maccabee excursion to River View on the 12th, has been postponed until some time in July. National Tent, No. 1, will give its annual excursion to Chesapeake Beach, on Wednesday of next week.

### COLORED NURSE OVERLOOKED

Negroes Fail to Nominate for Examining Board Place.

Result Will Be No Representation on Organization Provided by Act of Congress.

Notwithstanding the request of Commissioner Macfarland that her name be considered, Mrs. Sarah Fleetwood, colored, is not to be reappointed as a member of the examining board, provided by an act of the last Congress, for the examination and registration of trained nurses in the District of Columbia. It is provided by the act that the appointments to the board shall be made by the Commissioners from a list of nurses, submitted by the Graduate Nurses' Association of the District of Columbia. Upon the passage of the law the association submitted to the Commissioners a list of names including that of Mrs. Fleetwood, who was appointed and whose term expires June 30. In anticipation of the vacancy, the association sent to the Commissioners the names of Miss Georgina Graham, of the Garfield Memorial Hospital School for Nurses; Miss Bertha Orlo-Smith, of the Rochester Homeopathic Hospital School for Nurses; and Miss Sallie F. Melhorn, of the Columbia and Children's Hospital School of Nursing.

Finding that the list did not include the name of Mrs. Fleetwood, and that the colored trained nurses and Freedmen's Hospital Training School for Nurses was not represented, Commissioner Macfarland, before submitting the list of nominees to the Commissioners, informally asked the Graduate Nurses' Association to reconsider its action, and suggest among the three names one representing the interests now represented by Mrs. Fleetwood, stating at the same time that no adverse criticism respecting the service of Mrs. Fleetwood has come to the notice of the Commissioners.

In reply, Commissioner Macfarland received from Miss Elizabeth M. Hewitt, secretary of the Graduate Nurses' Association, the following letter:

"At a meeting of the Graduate Nurses' Association, called at your suggestion to reconsider nominees for the vacancy occurring on the nurses' examining board, of July 1, it was decided that the association having complied with the requirements of the bill, no further action is necessary."

"As an association, there is no objection to a colored member on the board, and no doubt their representative will see to it in the future that they are included in the list of nominees. Although it was well known at the semi-annual meeting of the association in May that nominations for the examining board were in order, no colored member was present."

Commissioner Macfarland yesterday approved the recommendation of the police pension board that Private James T. Robey, of the Metropolitan police force, be retired June 30, with an allowance of \$50 a month, payable from the police fund.
